Flexible Instructional Days  
K-5

## What is a Flexible Instructional Day?

A Flexible Instructional Day is a day designed for students to continue to learn while at home on a day that may not be safe for students to come to school for instruction due to inclement weather or other school closures. By using a FID, Union students will receive credit for attendance, which allows for the calendar to remain the same without need for make up days.

Flexible Instructional Days will be used only in cases of extenuating circumstances that do not make it safe for students to be in school. Union values in person learning and will make every effort to instruct students in person.

## How will parents be notified?

- Dr. Kimmel will decide if a one day closure will be used.
- A School Messenger phone call will notify parents if a FID will be used. Other media outlets will be notified as well.
- All after school activities will be canceled on a FID.

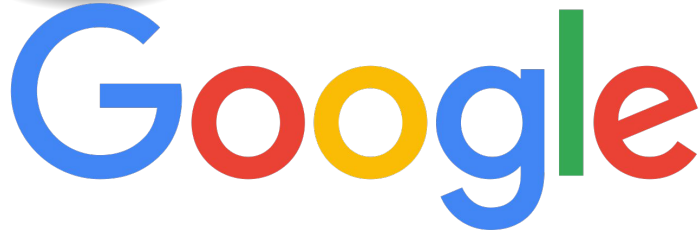

## What happens on a Flexible Instructional Day?

We will do all of our teaching and learning virtually (from home).

(K-2) will complete teacher packets.

The multi-colored Google logo, with the letters G, o, o, g, l, e in blue, red, yellow, blue, green, and red respectively.

(3-5) We will meet together on Google Meet.

# Student Responsibilities

- If USD anticipates a FID, students will take their Chromebook and charger home for the night.
- Students will log on to Google Classroom.
- Students will charge their Chromebooks before returning to school.
- In the event of an unplanned FID, students can access Google Meetings and Google Classroom from any device.
