INDEPENDENT AUDITOR'S REPORT

Union School District
354 Baker Street, Suite 2
Rimersburg, Pennsylvania

To the Members of the Board:

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Union School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Union School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating

the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Union School District as of June 30, 2021, and the respective changes in financial position and its cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters – required supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information, because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Matters – other supplemental information

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The *Statement of Changes in Net Position – Fiduciary Funds, Schedule of Revenues, Expenditures and Changes in Fund Balance – Activity Funds*, and the *Schedule of General Fund Revenues* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD & A)
Required Supplementary Information (RSI)
June 30, 2021

The discussion and analysis of Union School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements, and financial statements to enhance their understanding of the District's financial performance.

The Management Discussion and Analysis (MD & A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD & A.

SCHOOL DISTRICT HIGHLIGHTS

The Union School District is comprised of the municipalities of Rimersburg and Sligo, as well as, portions of Toby, Madison, and Piney Townships, Clarion County, Pennsylvania, and covers an area of approximately 76.8 square miles. The School District employs approximately 53 professional staff and 52 classified staff.

The Union School District consists of one Kindergarten through fifth grade elementary school and one sixth grade through twelfth grade junior-senior high school.

ACADEMIC DESCRIPTION

Union School District continues to place an emphasis on student learning and the continued improvement of its academic programs, as well as, creating new programs to enhance that learning. A few highlights supporting this emphasis are:

- 1:1 technology initiative for grades K-12
- Implementation of MTSS (Multi-Tiered System of Supports) as a standards-aligned, comprehensive school improvement framework to enhance academic, behavioral health and social-emotional learning outcomes for all students
- Implementation of ELA (English Language Arts) to enhance literacy standards
- Staff professional development in areas of curriculum, alignment of standards, online learning using Google Classroom, and instructional practices
- Enhancement of students careers class to maximize student opportunities to build job readiness skills
- Implemented a Special Education Director to oversee special education department

- Provided contracted services of an on-site therapist and psychologist to aid in the supporting student emotional and mental health
- Identification as a school-wide Title Program
- Consolidated grade levels into two buildings to streamline the use of professional staff and available resources

COVID-19 PANDEMIC

The COVID pandemic outbreak continued into the 2020-2021 school year and caused unprecedented disruptions and challenges to the district operations. At the beginning of the 2020-2021 school year, the Pennsylvania Governor reopened schools for in-school instruction. To accommodate health and safety concerns, the district provided synchronized learning by giving families the option of participating with in-school instruction or distance learning.

The district was able to provide this model of instruction for most of the school year, but due to the rise in positive cases and quarantining requirements, the district ceased in-school instruction and continued with full distance learning for December. Students and teachers were provided with a district owned electronic device. Internet hotspots were also provided if needed.

The Union School District operational costs were impacted by these additional expenses. The Coronavirus Aid, Relief and Economic Security (CARES) Act was established to provide school districts with emergency relief funds to offset the impact of the COVID-19 pandemic. The district received the Elementary and Secondary School Emergency Relief (ESSER I) and Pennsylvania Commission on Crime and Delinquency (PCCD) School Health and Safety funds to assist in the offset of these additional expenses. The district received notification of the awards for the Elementary and Secondary School Emergency Relief (ESSER II and ARP ESSER) that will be disbursed in the 2021-2022 school year.

FINANCIAL HIGHLIGHTS

The School District's budget is prepared according to Pennsylvania law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The budgeting system is designed to tightly control expenditures, but leave flexibility to enhance programs of the district.

Actual general fund revenues in 2020-2021 were \$11,872,487. This exceeded budgeted revenues of \$11,504,859 by \$367,628. General fund actual revenues exceeded general fund actual expenditures by \$429,409 for the year ended June 30, 2021. A transfer to the cafeteria fund of \$150,741, bond principal and interest of \$343,573, debt service expenses of \$46,180, and loss on the sale of Rimersburg Elementary School property of \$34,024 resulted in revenues under expenditures of \$145,109.

Two notes were issued in the 2020-2021 fiscal year. Bond Series A of 2021 of \$1,259,180 was a direct result of refinancing our current issue. The retirement of notes needed to be recognized as a revenue. Likewise, the issuance needed to be recorded as an expense. Essentially the two items, bond revenue and expense washed each other out. Bond Series of 2021, in the amount of \$1,286,000 was used to finance a new roof for the Union High School.

Overall general fund expenditures for the 2021-2022 fiscal year were \$12,017,596 which was \$383,431 less than the 2020-2021 budgeted expenditures of \$12,401,027.

General fund balance on June 30, 2020 was \$6,900,315. With the net deficit in 2020-2021 of \$145,108, the District's general fund balance decreased to \$6,755,207. The 2020-2021 deficit of \$145,108 was \$751,060 under the budgeted deficit of \$896,290. Of the \$6,755,207 general fund balance, \$32,000 is non-spendable, \$3,716,993 is committed, and the remaining unassigned fund balance at June 30, 2021 is \$3,006,214.

The District's entity wide fund balance, which includes the general fund and the capital reserve fund on June 30, 2020, was \$6,953,053. With the net deficit in 2020-2021 of \$4,722, the District's entity wide fund balance decreased to \$6,948,332.

All revenues and expenses during year, regardless of when cash is received or paid.	All revenues and expenses during year, regardless of when cash is received or paid.

OVERVIEW OF FINANCIAL STATEMENTS

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Net assets, the difference between the District's assets and liabilities, are one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indication of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional non-financial factors, such as changes in the District's property tax base, and student enrollment.

The government-wide financial statements of the District are divided into two categories.

- **Governmental Activities** – All the District's basic services are included here, such as instruction, administration and community services. Property taxes and state and federal subsidies and grants finance most of these activities.
- **Business Type Activities** – The District operates a food service operation and charges fees to staff, students, and visitors to help it cover the costs of the food service operation.

Fund Financial Statements

The District's fund financial statements provide detailed information about the most significant funds – not the District as a whole. Some funds are required by state law and by fund requirements.

Governmental funds – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary funds – These funds are used to account for the District activities that are similar to business operations in the private sector, or where the reporting is on determining net income, financial position, changes in financial position, and a significant portion of funding through user charges. When the District charges customers for services it provides – whether to outside customers or to other units in the District – these services are generally reported in proprietary funds. The Food Service Fund is the District’s proprietary fund and is the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows.

Fiduciary funds – The District is the trustee, or fiduciary, for some scholarship and agency funds. All of the District’s fiduciary activities are reported in separate Statements of Fiduciary Net Assets. We exclude these activities from the District’s other financial statement because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District’s total liabilities and net position was (\$12,392,130) at June 30, 2020 and (\$13,895,148) at June 30, 2021.

**TABLE A-1 ASSETS
FISCAL YEAR END JUNE 30, 2021**

	Governmental Activities		Business-Type Activities		Totals	
	2020	2021	2020	2021	2020	2021
ASSETS						
Current and Other Assets	\$8,277,405	\$8,527,293	\$250,329	\$324,854	\$8,527,733	\$8,852,147

TOTAL LIABILITIES	23,863,115	26,629,498	134,682	145,516	23,997,798	26,775,014
Deferred Inflows of Resources	699,000	0	0	0	699,000	0
NET POSITION						
Capital assets net of related debt	1,759,450	1,472,079	29,604	24,494	1,789,054	1,496,573
Capital Projects	52,738	193,125	0	0	52,738	193,125
Other restrictions	3,716,993	3,716,993	157,576	175,111	3,874,569	3,892,104
Unrestricted	(1,411,561)	(1,889,143)	(41,930)	4,226	(1,453,491)	(1,884,917)
Reduction for Net Pension Liability	(16,655,000)	(17,578,000)	0	0	(16,665,000)	(17,578,000)
TOTAL NET POSITION	(\$12,537,380)	(\$14,084,946)	\$145,250	\$203,831	(\$12,392,130)	(13,881,116)

Most of the District’s net assets are invested in capital assets (buildings, land, and equipment). The remaining unrestricted net assets are a combination of designated and undesignated amounts. The

designated balances are amounts set-aside to fund future purchases or capital projects as planned by the district.

The results of this year's operations as a whole are reported in the Statement of Activities. All expenses are reported in the first column. This statement also shows the grants, revenues, and subsidies that directly relate to the expense categories as well as the net expense or revenue.

The two largest general revenues are the Basic Education Subsidy provided by the State of Pennsylvania, and the local taxes assessed to community taxpayers.

The tables below represent the expenses of both the Governmental Activities and the Business-type Activities of the District.

Table A-2 shows the various expense functions within the District – instruction, instructional student support, administrative, operation and maintenance of plant, pupil transportation, student activities, and community services.

Federal Revenues	<u>332,419</u>
Net Cost of Service	(\$109,732)

The Statement of Revenues, Expenses, and Changes in Fund Net Assets for this proprietary fund will further detail the actual results of operations.

THE DISTRICT FUNDS

At June 30, 2021, the District governmental funds reported a combined unreserved fund balance of \$6,755,207. That includes \$3,716,993 in designated funds. The District has set that designated amount to cover future increases in retirement contributions, debt, and medical insurance expenses. This remains the same from the preceding year.

General Fund Budget

During the fiscal year, the Board of School Directors (The Board) may authorize revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the District. All adjustments are again confirmed at the time the annual audit is accepted, this is after the end of the fiscal year, which is not prohibited by state law. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in its Annual Financial Report.

The District applies for federal, state, and local grants and these grants cannot always be anticipated in the budgeting process. During the fiscal year 2020-2021, the District received \$157,782 via the Ready To Learn Block Grant, \$25,000 via the Teachers in the Workplace Grant, \$16,353 via Rural and Low Income Schools Grant, \$146,391 via the Elementary and Secondary School Emergency Relief (ESSER) Fund authorized by the CARES Act, \$2,789 via the Governor's Emergency Education Relief (GEER) Fund authorized by the CARES Act, and \$141,437 via the Pennsylvania Commission on Crime and Delinquency (PCCD).

Budgeted expenditures and other financing uses also increased this same amount to compensate for the additional approved grants. Transfers between specific categories of expenditures/financing uses occur during the year. These amounts will only be appropriated into expenditure categories if the fiscal results of the prior year-end with a positive addition to fund balance, which exceeds the total of these projected expenditures. The Board is using this method of budgeting to control tax increases while also protecting the integrity of the fund balance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2021, the District had \$4,017,259 invested in a broad range of capital assets, including land, buildings, and furniture and equipment.

**TABLE A-4 GOVERNMENTAL ACTIVITIES
CAPITAL ASSETS NET OF DEPRECIATION
FISCAL YEAR END JUNE 30, 2021**

Land & Site Improvements	\$199,284
Buildings & Improvements	3,731,647
Furniture & Equipment	<u>86,328</u>
TOTAL	\$4,017,259

The District had an updated appraisal completed on May 31, 2017.

Debt Administration

The District had total outstanding debt principal of \$1,568,880 on a Note, Series of 2016. During the year, the District made payments against principal of \$316,890. Also, during the fiscal year, the district refinanced the Note, Series of 2016 to Note, Series A of 2021 to secure a lower interest rate and issued Note, Series of 2021 to finance a new roof on the Union High School.

**TABLE A-5
OUTSTANDING DEBT AS OF JUNE 30, 2021**

General Obligation Notes/Bonds:	
Note, Series A of 2021	\$1,259,180
Note, Series of 2021	\$1,286,000

Other obligations include accrued vacation pay and sick leave for specific employees of the District. More detailed information about our long-term liabilities is included in Statement of Indebtness financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District does not expect significant growth in the near future given the residential nature of the community and the lack of economic opportunity within the region.

The revenue budget for the 2021-2022 year is \$205,801 more than the budgeted revenues for 2020-2021. This represents an approximate 1.76% increase. No significant increase in either Local or Federal revenue is expected. The expenditure budget for the 2021-2022 year is \$322,884 more than the budgeted expenditures for 2020-2021, an increase of approximately 2.54%. For the 2020-2021 School year, the District increased the real estate tax rate by the Act 1 adjusted index of 3% from 50.508 mills to 52.0232 mills.

The comparison of revenue and expenditure categories by percentage is as follows:

**TABLE A-6
COMPARISON OF REVENUE AND EXPENDITURES
BY PERCENTAGE**

Revenues	2019-2020	2020-2021

Union School District
Reconciliation: Governmental Funds Balance Sheet To The Statement of Net Position
June 30, 2021

Total Fund Balances - Governmental Funds **\$6,948,332**

Amounts reported for governmental activities in the statement of net assets are different because:

Capital Assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.

Assets	\$10,995,106	
Accumulated Depreciation	<u>(6,977,847)</u>	4,017,259

Property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds. 171,805

Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported as liabilities in the funds. Long-term liabilities at year end consist of:

Bonds payable		(2,545,180)
Compensated absences		(70,175)
Other Postemployment benefits		(5,028,987)
Net Pension Liability - GASB 68		<u>(17,578,000)</u>

Deferred outflows and inflows of resources related to pensions and OPEB are applicable to future periods and therefore, are not reported in the funds.

Deferred Outflows of Resources Related to Pensions	924,000	
Deferred Inflows of Resources Related to Pensions	(457,000)	
Deferred Outflows of Resources Related to OPEB	39,000	
Deferred Outflows of Resources Related to OPEB	<u>(27,000)</u>	<u>479,000</u>

Total Net Position - Governmental Activities **(\$13,605,946)**

Union School District
Reconciliation: Governmental Funds
Statement of Revenues, Expenditures and Changes in Fund Balance
To the Statement of Activities
For The Year Ended June 30, 2021

Total net change in fund balances - governmental funds (\$4,722)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period	822,968	
Net decrease in Taxes Receivable recorded as reserve against fund balance	(18,470)	
Net decrease in Compensated Absences recorded as reserve against fund balance	1,400	
Net increase in Pension Liability not due and payable in current period and therefore not reported as a liability in government funds	(923,000)	
Net increase in Other Postemployment Benefits (OPEB) not due and payable in current period and therefore not reported as a liability in government funds	(595,404)	
New bond issue is a revenue in the governmental funds, but the inflow increases long-term liabilities in the statement of net assets	(2,545,180)	
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	1,616,398	
Changes in Deferred Inflows and Outflows of Resources related to Pension and OPEB are not recorded as revenues or expenditures in governmental funds	759,000	
In the statement of activities, certain operating expenses are measured by amounts incurred during the year. In the governmental funds, expenditures for these items are measured by the amount of financial resources used (paid).	(181,556)	
Change in net position of governmental activities		<u><u>(\$1,068,566)</u></u>

NOTES TO THE
FINANCIAL STATEMENTS

UNION SCHOOL DISTRICT
Notes to Financial Statements
For the Year Ended June 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The **Union School District** (“District”) is located in Clarion County, Pennsylvania. The District’s tax base consists of the following Townships and Boroughs: Rimersburg and Sligo Boroughs; Piney, Madison, and Toby townships.

The District is a unit established, organized and empowered by the Commonwealth of Pennsylvania for the express purpose of carrying out, on the local level, the commonwealth’s obligation to public education, as established by the constitution of the Commonwealth and by the school law code of the same (Article II; Act 150, July 8, 1968).

A board of nine school directors who are residents of the District and who are elected every two years, on a staggered basis, for a four-year term, governs the District.

The Board of School Directors has the power and duty to establish, equip, furnish and maintain a sufficient number of elementary, secondary and other schools necessary to educate eligible students between the ages of 5 and 21 years residing in such district who may attend.

In order to establish, enlarge, equip, furnish, operate and maintain any schools, or to pay any school indebtedness which the District is required to pay, the Board of School Directors is vested with all necessary authority and power annually to levy and collect the taxes required and granted by the legislature, in addition to the annual state appropriation, and is vested with all necessary power and authority to comply with and carry out any or all of the provisions of the Public School code of 1949, as amended.

The most significant of the District’s accounting policies are described below:

A. Reporting Entity

In evaluating the District as a reporting entity, management has addressed all potential component units for which the District may or may not be financially accountable, and as such, be includable within the District’s financial statements. In accordance with Statement of Governmental Accounting Standards Board (GASB) No. 14 and No. 39, the District is financially accountable if it appoints a voting majority of the organization governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burden on the District. Additionally the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Based upon the application of these criteria, the District has determined it has no component units which must be blended.

B. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent.

C. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from the goods, services or privileges provided by a given function or segment. In addition, program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns to the fund financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's ongoing operations. The principal operating revenues of the District's enterprise fund are food services charges. Operating expenses for the District's enterprise fund include food production costs, supplies, administrative costs, and depreciation on capital assets. All revenues or expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual are tax revenues and tuition. Revenue from federal, state, and other grants designated for payment of specific expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as deferred revenues until earned.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

- The General Fund is the District's primary operating fund, which accounts for all financial resources except those required to be accounted for in another fund.
- The Capital Reserve Fund was established to provide funds for certain capital projects, which consist of the acquisition, improvements, and additions to District buildings and facilities.

The District reports the following major proprietary funds:

- The Food Service Fund is used to account for the activities of the District's food service program.

In addition, The District reports the following fiduciary funds:

- Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. The School District's fiduciary funds consist of agency funds and private purpose trust funds. The agency funds are custodial in nature and do not involve measurement of results of operation. The agency funds are used to account for amounts held for student activities and scholarship activities. Fiduciary funds are not included in the government-wide financial statements. The following are the School District's fiduciary funds: *Agency Fund – Student Activities* - to report resources held by the School District in a custodial capacity for students and student organizations. *Private Purpose Trust Fund - Scholarship Fund* - to account for scholarship money under the control of the School District for the benefit of the students within the School District.

E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

F. Capital Assets

Capital assets, which include property, plant, equipment, and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Site Improvements	15 – 20
Buildings and Building Improvements	20 – 40
Furniture and Equipment	5 – 20

G. Cash Equivalents and Investments

For the purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments, with maturity of three months or less when purchased, to be cash equivalents.

Investments are valued at fair value.

Under Section 440.1 of the Public School Code of 1949, as amended, the District is permitted to invest funds in the following types of investments:

Obligations of:

- a. The United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America,
- b. The Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth,
- c. Any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

H. Inventories and Prepaid Items

Inventory of food and milk in the Food Service Fund consists of supplies purchased and donated commodities received from the federal government. The donated commodities are valued at the USDA’s approximate cost. Food and supplies are carried at cost using the first-in, first-out method. Inventories of Governmental Funds are recorded as expenditures when consumed rather than when purchased.

The inventories on hand in the Food Service Fund at June 30, 2021, consist of the following:

Purchased Food and Supplies	\$7,536
Donated Commodities	<u>4,694</u>
	<u>\$ 12,230</u>

I. Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Such is the case in the General Fund, where deferred revenue has been established to offset real estate tax receivables. Deferred revenue also arises when the District receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds balance sheet and revenue is recognized.

J. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Real Estate Taxes

Real estate taxes for the School District are collected from the Boroughs of Rimersburg and Sligo and the townships of Piney, Madison and Toby. The District’s real estate taxes are based on assessed values established by the County’s Board of Assessments. Elected local tax collectors collect the taxes. Real estate taxes are effectively levied on July 1. A discount of 2% is applied to payments made prior to August 31. A penalty of 10% is added to the face amount of taxes paid after October 31. The tax on real estate for public school purposes for fiscal 2020-21 was 50.508 mills (\$50.508 per \$1,000 of assessed valuation) as levied by the Board. Assessed valuations of property are determined by Clarion County and the elected tax collectors are responsible for collections. Unpaid current year real estate taxes are returned to Clarion County’s Tax Claim Bureau in January of each year.

NOTE 2 – DETAILED NOTES ON ALL FUNDS

A. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

There are three categories of credit risk that apply to the government’s bank balances:

1. Insured or collateralized with securities held by the government or by the government’s agent in the government’s name.
2. Collateralized with securities held by the pledging financial institution’s trust department or the government’s agent in the government’s name.
3. Uncollateralized. (This includes any bank balance that is collateralized with securities held by the pledging financial institution or by its trust department or agent but not in the entity’s name.)

Balances held in each category are as follows:

	<u>1</u>	<u>2</u>	<u>3</u>
<u>GENERAL FUND:</u>			
Checking, Savings and Money Market Accounts	\$ ---	\$ ---	\$721,843
<u>PROPRIETARY FUND – FOOD SERVICE:</u>			
Checking, Savings and Money Market Accounts	\$ ---	\$ ---	(47,751)

Investments consist of savings and money market accounts as follows:

<u>GENERAL FUND:</u>	
PA Local Government Investment Trust	\$2,422,105
Farmers Bank	1,315,074
Clarion County Community Bank	3,700,817
	<u>\$7,437,996</u>
<u>PROPRIETARY FUND – FOOD SERVICE:</u>	
PA Local Government Investment Trust	<u>\$ 117,885</u>
<u>TRUST AND AGENCY FUNDS (Scholarship):</u>	
Northwest Savings Bank	\$ 21,209
Edward Jones	153,901
	<u>\$ 175,110</u>
Total	<u>\$7,730,991</u>

Checking, savings, and money market accounts are covered by federal depository insurance or on a pooled basis under the provisions of Act 72 or 1971. GASB No. 3, Paragraph 69, provides that certain types of cash, such as cash in a state treasurer's investment pool or mutual funds, cannot be assigned a credit risk category because the government does not own specific securities. Therefore, the Pennsylvania Liquid Asset Fund cash included in these financial statements will not be assigned a credit risk category. The carrying value and market value of Pennsylvania Liquid Asset Fund cash, as of June 30, 2021, is \$2,422,105.

B. Due From Other Governmental Units

Amounts due from other governments represent receivables for revenues earned by the School District or collections made by another governmental unit on behalf of the School District. At June 30, 2021, the following amounts were due from other governmental units:

<u>Due From</u>	<u>General Fund</u>
Local education agencies	\$121,709
State government	-0-
Federal government	41,940
	<u>\$163,649</u>

C. Capital Assets

A summary of the governmental and business-type fixed asset activity for the 2020-21 fiscal year is as follows:

GOVERNMENTAL ACTIVITIES:

	Balance					Balance
COST	7/1/2020	Note	Increases	Decreases	Note	6/30/2021
Land & Site Improvements	\$ 1,326,694			\$ (258,381)	2	\$ 1,068,313
Buildings & Improvements	7,666,980	1	\$1,105,300	(954,429)	2	7,817,851
Furniture & Equipment	2,659,270			(550,328)	2	2,108,942
TOTAL	\$11,652,944		\$1,105,300	\$(1,763,138)		\$10,995,106

ACCUMULATED DEPRECIATION	Balance				Note	Balance
	7/1/2020		Increases	Decreases		6/30/2021
Land & Site Improvements	\$ 1,043,802		\$ 50,315	\$ (225,088)	2	\$ 869,029
Buildings & Improvements	4,822,558		136,250	(872,604)	2	4,086,204
Furniture & Equipment	2,458,254		95,782	(531,422)	2	2,022,614
TOTAL	\$8,324,614	4	\$ 282,347	\$(1,629,114)		\$ 6,977,847

			\$ 1,105,300	\$(134,024)	3	
NET BOOK VALUE	\$3,328,330			\$(282,347)	4	\$ 4,017,259

Notation:

- (1) Cost of new roof on high school building
- (2) Reduction in assets and accumulated depreciation from sale of Rimersburg elementary building
- (3) Book loss on sale of Rimersburg elementary building
- (4) 2020-21 Depreciation expense

BUSINESS-TYPE ACTIVITIES:

BUSINESS-TYPE ACTIVITIES	Balance					Balance
	7/1/2020	Note	Increases	Decreases		6/30/2021
Furniture & Fixtures	\$ 53,087					\$ 53,087
Less: Accumulated Depreciation	(23,483)	4	\$(5,110)			(28,593)
NET BOOK VALUE	\$ 29,604		\$(5,110)			\$ 24,494

Notation:

- (4) 2020-21 Depreciation expense

D. Deferred Revenues

Deferred revenues represent receivables that will be collected and included in revenues of future fiscal years. In the General Fund, deferred revenues of \$171,805 consist of delinquent taxes receivable that were levied in the current and prior years but will not be available to pay liabilities of the current period.

E. Bonds Payable

The School District issued \$3,000,000 General Obligation Bonds, Series of 2006, at an aggregate price of \$2,916,517.55 (\$3,000,000 minus \$83,482.45 issuance costs including accrued interest), on September 12, 2006. The proceeds from the bonds were used to finance the construction of a new gymnasium and music rooms at the Rimersburg high school building. On September 1, 2011, the District refunded the General Obligation Bonds of 2006, replacing them with a new issue, General Obligation Bonds of 2011, with a final maturity of September 1, 2024.

On June 21, 2016, the remaining bond principal balance of \$2,605,000; \$40,147.00 in accrued interest; \$39,908.78 of loan expenses; plus a transfer of funds to the School District sinking fund of \$2,944.22 was converted into a General Obligation Note with PNC Bank, at a fixed rate of 1.748% per annum.

On March 23, 2021, the District issued two long-term bonds for the purpose of paying off the existing long term loan balance of \$1,568,880 plus accrued interest of \$1,337.40, and to provide funding for a new roof on the Rimersburg high school building in the amount of \$1,105,000.

The bonds were issued in two separate issues, Series 2021 and 2021A, as follows:

	Series 2021	Series 2021A	Total
Deposit of Funds to Construction Account	\$1,245,672.17		\$1,245,672.17
Closing Costs	40,327.83	\$ 5,852.60	46,180.43
Payoff of loan principal to PNC Bank		1,251,990.00	1,251,990.00
Payment of accrued interest on PNC loan		1,337.40	1,337.40
TOTAL	\$1,286,000.00	\$1,259,180.00	\$2,545,180.00

The following is a summary of remaining principal, interest expense, and debt service requirements of the bonds until maturity:

SERIES OF 2021

<u>Year Ending</u> <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2022		\$14,730.42	\$14,730.42
2023	5,500.00	15,655.65	21,155.65
2024	1,700.00	15,611.73	17,311.73
2025	78,000.00	15,125.56	93,125.56
2026	350,500.00	12,511.71	363,011.71
2027	354,800.00	8,209.38	363,009.38
2028	359,100.00	3,854.59	362,954.59
2029	136,400.00	832.04	137,232.04
TOTAL	\$1,286,000.00	\$86,531.08	\$1,372,531.08

SERIES OF 2021A

<u>Year Ending</u> June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2022	\$315,800.00	\$10,653.04	\$326,453.04
2023	333,790.00	8,075.45	341,865.45
2024	341,090.00	4,566.07	345,656.07
2025	268,500.00	1,396.20	269,896.20
TOTAL	\$1,259,180.00	\$24,690.76	\$1,357,800.66

F. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms; investments are reported at fair value.

General Information about the Pension Plan

Plan description

PSERS is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.pfers.state.pa.us.

Benefits provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the

defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member Contributions:

Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.50% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.50% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System after June 30, 2001 and before July 1, 2011, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.3% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.5% and 9.5% and Membership Class T-F contribution rate to fluctuate between 10.3% and 12.3%.

Employer Contributions:

The school districts' contractually required contribution rate for fiscal year ended June 30, 2021 was 33.43% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$1,711,232 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability of \$17,578,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System’s total pension liability as of June 30, 2019 to June 30, 2020. The District’s proportion of the net pension liability was calculated utilizing the employer’s one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2021, the District’s proportion was .00357 percent, which was an increase of 0.00001 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the District recognized pension expense of \$1,661,949. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of resources</u>
Difference between expected and actual experience	\$ 46	\$ 421
Changes of assumptions	0	0
Net difference between projected and actual investment earnings	772	0
Changes in proportions	106	36
Difference between employer contributions and proportionate share of total contributions	0	0
Contributions subsequent to the measurement date	0	0
	<u>\$ 924</u>	<u>\$ 457</u>

\$34,000 as reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$ (58,000)
2022	55,000
2023	241,000
2024	230,000
Thereafter	-0-
TOTAL	<u>\$ 468,000</u>

Actuarial Assumptions

The total pension liability as of June 30, 2020 was determined by rolling forward the System's total pension liability at June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay.
- Investment return – 7.25%, includes inflation at 2.75%
- Salary growth – Effective average of 5%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Mortality rates were based on the RP-2014 Mortality rates for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2015. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global public equity	15.0%	5.2%
Private Equity	15.0%	7.2%
Fixed Income	36.0%	1.1%
Commodities	8.0%	1.8%
Absolute return	10.0%	2.5%
Infrastructure/MLPs	6.0%	5.7%
Real estate	10.0%	5.5%
Risk parity	8.0%	3.3%
Cash	6.0%	(1.0%)
Financing (LIBOR)	(14.0%)	(0.7%)
	<u>100.0%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
	6.25%	7.25%	8.25%
District's proportionate share of the net pension liability	\$ 21,748,000	\$ 17,578,000	\$ 14,046,000

Pension plan fiduciary net position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.state.pa.us.

G. Other Employee Benefits (Compensated Absences)

Vacation, Personal, and Sick Leave

Union School District employees are entitled to paid vacation, personal and sick days, depending on job status, length of service, and other factors. Sick leave, however, is the only benefit which may be carried forward to subsequent years. The total liability for compensated absences at June 30, 2021 is \$70,175.

H. - Other Postemployment Benefits

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Health Insurance Premium Assistance Program

Health Insurance Premium Assistance Program

The System provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020 there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the System can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

Pension Plan description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania.

The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.pa.gov.

Benefits provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020 there were no assumed future benefit increases to participating eligible retirees.

Employer Contributions:

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2020 was 0.84% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$42,000 for the year ended June 30, 2020.

2. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the District reported a liability of \$771,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2019 to June 30, 2020. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2021, the District's proportion was 0.0357 percent, which was an increase of 0.0001 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the District recognized OPEB expense of \$39,000. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred outflows</u>	<u>Deferred inflows</u>
Difference between expected and actual experience	\$ 7	\$ -0-
Changes in assumptions	31	\$ 17
Net difference between projected and actual investment earnings	1	\$ -0-
Changes in proportion	8	\$ 4
Contributions subsequent to the measurement date	<u>-0-</u>	<u>-0-</u>
	<u>\$ 47</u>	<u>\$ 21</u>

\$3,000 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2021	3
2022	3
2023	3
2024	10
2025	6
<u>Thereafter</u>	<u>3</u>
<u>Total</u>	<u>\$ 27</u>

3. Actuarial Assumptions

The Total OPEB Liability as of June 30, 2020, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return – 2.79% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

- Participation rate:
- Eligible retirees will elect to participate Pre age 65 at 50%
- Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2015

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2018 determined the employer contribution rate for fiscal year 2019.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.

- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

Investments consist primarily of short term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan’s policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

OPEB- Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	50.3%	(1.0%)
US Core Fixed Income	46.5%	(0.1%)
Non-US Developed Fund	3.2%	(0.1%)
	<u>100.0%</u>	

The above was the Board’s adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount rate

The discount rate used to measure the Total OPEB Liability was 2.66%. Under the plan’s funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short term funding policy, the OPEB plan’s fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a “pay-as-you-go” plan. A discount rate of 2.66% which represents the S&P 20 year Municipal Bond Rate at June 30, 2020, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2020, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees

is capped at a maximum of \$1,200. As of June 30, 2020, 93,339 retirees were receiving the maximum amount allowed of \$1,200 per year, and 780 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the System net OPEB liability for June 30, 2020, calculated using current Healthcare cost trends as well as what the System net OPEB liability would be if health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

Dollar amounts in thousands:

	1% Decrease 1.66%	Current Discount Rate 2.66%	1% Increase 3.66%
System net OPEB liability	\$2,463,528	\$2,160,697	\$1,909,927

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate

The following presents the net OPEB liability, calculated using the discount rate of 2.66%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.66%) or 1-percentage-point higher (3.66%) than the current rate:

	1% Decrease 1.66%	Current Discount Rate 2.66%	1% Increase 3.66%
District's proportionate share of the net OPEB liability	\$879,000	\$771,000	\$682,000

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.pfers.state.pa.us.

NOTE I – OTHER POST-EMPLOYMENT BENEFITS PLAN – DISTRICT PLAN (OPEB)

Plan Administration

The District administers an Other Postemployment Benefits (OPEB) plan providing medical and prescription drug, dental, and vision insurance benefits to retired employees and their dependents under certain conditions. The District does not issue a separate report that includes financial statements and required supplementary information for the OPEB plan.

Benefits Provided

Individuals who are employed by the District and are eligible to participate in the group health

plan are eligible to continue healthcare benefits upon retirement. Coverage during retirement continues in the group health plans. Employees covered by the plan may make contributions toward the plan premiums, but the retirement policy includes premiums paid by the District towards the cost of the retiree coverage.

Plan Membership

As of July 1, 2020, plan membership consisted of the following:

Inactive members currently receiving benefits	1
Inactive members entitled to but not yet receiving benefits	0
Active members	<u>61</u>
Total	62

Investment Policy

The District’s obligation is unfunded as of July 1, 2020. There are no assets accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Total OPEB Liability

As of July 1, 2020

Actuarial Present Value of Future Benefits	
Retired – Employees/Spouses	\$ 45,282
Actives – Employees/Spouses	<u>8,049,235</u>
Total	\$ 8,094,517
Total OPEB Liability	
Retired – Employees/Spouses	\$ 45,282
Actives – Employees/Spouses	<u>3,930,675</u>
Total	\$ 3,975,957

The total OPEB liability of the District at June 30, 2021 is projected to be \$4,257,987.

There are no assets accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, so the Net Fiduciary Position is \$0 and the Net OPEB Liability would be equal to the Total OPEB Liability.

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability, calculated using the current healthcare cost trend rate of 6.0% decreasing to 5.0%, as well as the total OPEB liability calculated using a healthcare cost trend rate that is 1-percentage point lower (5.0% to 4.0%) or 1-percentage point higher (7.0% to 6.0%) than the current rate:

	1% Decrease 5.0% decreasing to 4.0%	Current Healthcare Cost Trend Rate 6.0% decreasing to 5.0%	1% Increase 7.0% decreasing to 6.0%
Total OPEB Liability	\$3,657,004	\$4,257,987	\$4,974,478

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability, calculated using the current discount rate of 2.21%, as well as the total OPEB liability calculated using a discount rate that is 1-percentage point lower (1.21%) or 1-percentage point higher (3.21%) than the current rate:

	1% Decrease 1.21%	Current Discount Rate 2.21%	1% Increase 3.21%
Total OPEB Liability	\$4,382,843	\$4,257,987	\$4,015,811

Schedule of Changes in Total OPEB Liability

	Fiscal Year Ending June 30, 2019*	Fiscal Year Ending June 30, 2020*	Fiscal Year Ending June 30, 2021
Total OPEB Liability-Beginning of Year	\$3,252,929	\$3,431,985	\$3,705,583
Service Cost	158,643	164,196	224,593
Interest on Total OPEB Liability	129,909	138,607	92,445
Changes of Benefit Terms	0	0	0
Difference between Expected and Actual Experience	0	0	(127,701)**
Changes of Assumptions	0	0	398,075
Benefit Payments	<u>(109,046)</u>	<u>(29,205)</u>	<u>(35,008)**</u>
Net Change in Total OPEB Liability	179,056	273,598	552,404
 Total OPEB Liability-End of Year	 \$3,431,985	 \$3,705,583	 \$4,257,987
 Covered-Employee Payroll	 \$3,800,291	 \$3,933,301	 \$3,813,590
 Total OPEB Liability as a Percentage of the Covered-Employee Payroll	 90.31%	 94.21%	 111.65%

*The previous fiscal year results shown are based on results from the July 1, 2018 valuation.

**These are to be re-determined using actual employer contributions for the period July 1, 2020 to June 30, 2021. For self-insured plans, this is the difference between actual retiree claims/expenses and the actual retiree contributions for the retirees during this period. For fully insured plans this is the difference between the actual age-adjusted total retiree premiums and actual collected retiree contributions.

The difference between expected and actual experience for the period ending June 30, 2021 should be adjusted by the difference between actual employer contributions for the period July 1, 2020 to June 30, 2021 and the expected employer contribution of \$35,008 as shown above.

OPEB Expense

	Fiscal Year ending June 30, 2021
Service Cost	\$224,593
Interest on Total OPEB Liability	92,445
Effect of Plan Changes	0
Administrative Expenses	0

Economic/Demographic (Gains)/Losses*	(127,701)
Assumption Changes	<u>398,075</u>
OPEB Expense	<u>\$587,412</u>

*Economic/demographic (gains) and losses for the period ending June 30, 2021 should be adjusted by the difference between actual and expected employer contributions.

Expected Remaining Service Lives

Under GASB 75, gains and losses which are amortized over future years are referred to as deferred inflows or gains, and deferred outflows or losses. Economic and demographic gains and losses and changes in the total OPEB liability due to changes in assumptions are recognized over a closed period equal to the average expected remaining service lives of all covered active and inactive members, determined as of the beginning of the measurement period. The amortization period is calculated as the weighted average of expected remaining service lives assuming zero years for all inactive members.

However, if using AMM procedures changes of assumptions and the difference between expected and actual experience with regard to economic and demographic factors are immediately recognized in OPEB expense.

Deferred Inflows and Outflows of Resources

Under GASB 75, gains and losses which are amortized over future years are referred to as deferred inflows or gains, and deferred outflows or losses. Economic and demographic gains and losses and changes in the total OPEB liability due to changes in assumptions are recognized over a closed period equal to the average expected remaining service lives of all covered active and inactive members, determined as of the beginning of the measurement period. As of June 30, 2021 the deferred inflows and outflows of resources are as follows:

	Deferred Inflows Of Resources	Deferred Inflows Of Resources
Difference between Expected and actual Experience	N/A*	N/A*
Changes of Assumptions	N/A*	N/A*
Net difference between projected and actual earnings	0	0
Contributions made subsequent to measurement date	TBD	TBD
<u>Total</u>	<u>0</u>	<u>0</u>

Other amounts currently reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in future years' OPEB expense as follows:

Year ending June 30:	Annual Recognition
2022	N/A*
2023	N/A*
2024	N/A*
2025	N/A*
2026	N/A*
Thereafter	N/A*

Using AMM procedures changes of assumptions and the differences between expected and actual experience with regard to economic and demographic factors are immediately recognized in OPEB expense.

J. Fund Balance/Net Position

In the *government-wide Statement of Net Position (Page 16)*, Net position is classified into categories according to external donor or legal restrictions or availability of assets to satisfy District obligations. Net position is classified as follows:

- Net Investment in Capital Assets of \$1,472,079 consists of \$4,017,259 capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt attributable to the acquisition, construction, and improvement of the capital assets \$2,545,180.
- Assigned – Capital Projects Fund - amounts the School District intends to use for a specific purpose; as of June 30, 2021, management of the School District designated \$193,125 to be used as financial resources for future capital projects.
- Committed Fund Balance of \$3,716,993 was set aside by the School Board to cover future increases in retirement contributions, debt, and medical insurance expenses.
- Unrestricted – consists of residual net position that does not meet the definition of “*net investment in fixed assets*”, *assigned, or committed* fund balances.

In the *Balance Sheet – Governmental Funds (Page 18)*, fund balances are reported in specific categories to make the nature and extent of the constraints placed on the School District’s fund balance more transparent in accordance with GASB No. 54, *Fund Balance and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in spendable form or are required to be maintained intact. The non-spendable fund balance at 6/30/2021 is \$32,000.
- Committed fund balance – amount constrained to specific purposes by the School District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest

level action to remove or change the constraint. Committed Fund Balance of \$3,716,993 was set aside by the School Board to cover future increases in retirement contributions, debt, and medical insurance expenses.

- Assigned fund balance -amounts the School District intends to use for a specific purpose; as of June 30, 2021, management of the School District designated \$193,125 to be used as financial resources for future capital projects.
- Unassigned fund balance- this classification includes the residual fund balance for the General Fund. The School District had \$3,006,214 of unassigned fund balance as of June 30, 2021.

J. Risk Management

The District is exposed to various risks of losses related to torts, theft of, damage to, and destruction of assets, errors, and omissions, injuries to employees and natural disasters. It is the policy of the District to purchase commercial insurance for the risks of loss to which it is exposed, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any past year.

K. Subsequent Events

Subsequent events have been evaluated through the date of the auditor's report, November 22, 2021.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

To the Board of Directors
Union School District
354 Baker Street, Suite 2
Rimersburg, PA 16248

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Union School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Union School District's basic financial statements, and have issued my report thereon dated November 22, 2021.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Union School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Union School District's internal control. Accordingly, I do not express an opinion on the effectiveness of Union School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Union School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Accounting Standards* in considering the entity's internal control and compliance. Accordingly this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Union School District
354 Baker Street, Suite 2
Rimersburg, PA 16248

Report on Compliance

I have audited Union School District's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Compliance Supplement that could have a direct and material effect on each of Union School District's major federal programs for the year ended June 30, 2021. Union School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's responsibility

Management is responsible for compliance for each of Union School District's major federal programs based with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's responsibility

My responsibility is to express an opinion on compliance for each of Union School District's major programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Union School District's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of Union School District's compliance.

Opinion on Each Major Federal Program

In my opinion, Union School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Union School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Union School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Union School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified above.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

I have audited the financial statements of the government activities, the business type activities, each major fund, and the aggregate remaining funds information of Union School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Union School District's basic financial statements, and have issued my report thereon dated November 22, 2021, which contained unmodified opinions on those financial statements. My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

UNION SCHOOL DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For The Year Ended June 30, 2021

NOTE 1 – REPORTING ENTITY

Union School District is the reporting entity for financial reporting purposes as defined in Note 1 to the School District's financial statements.

NOTE 2 – BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards has been prepared on the basis of accounting practices prescribed or permitted by the Manual of Accounting and Related Financial Procedures for Pennsylvania School Systems, issued by the Pennsylvania Department of education. These practices, as they apply to the school district, are in conformity with U.S. generally accepted accounting principles. The District did not use the 10% de minimus indirect cost rate.

UNION SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2021

SECTION I - SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

Material weakness(es) identified yes no

Significant deficiencies identified not considered to be material weaknesses?
 yes none reported

Noncompliance material to financial statements noted? yes no

Federal Awards

Internal control over major programs:

Material weakness(es) identified yes no

Significant deficiencies identified not considered to be material weaknesses?
 yes none reported

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a): yes no

Identification of major programs:

<u>CFDA Number(s)</u>	<u>Name of Program or Cluster</u>
84.010	Title I Improving Basic Programs
10.553/555	Child Nutrition Cluster

Dollar threshold used to distinguish between Type A and Type B programs: \$750,000

Auditee qualified as low-risk auditee? yes no

**SECTION II – FINDINGS RELATED TO THE FINANCIAL STATEMENTS AUDIT AS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GENERALLY ACCEPTED
GOVERNMENT AUDITING STANDARDS**

No matters were reported.

SECTION III – FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

No matters were reported.

STATUS OF PRIOR AUDIT FINDINGS

No matters were reported.
