## **FINGERPRINT CORRECTIONS AND RESUBMISSIONS**

In some cases, a classifiable fingerprint record cannot be obtained. Immediately upon indication, IDEMIA will take corrective action to notify the applicant of the need to re-print the applicant at no cost to the applicant. This corrective action will be completed at the earliest possible time that is convenient for the applicant. IDEMIA will contact the applicant directly via email should a re-print be necessary. NOTE: Reprinting can be applied to each applicant one time only.

If the applicant's fingerprints are unable to be transmitted electronically by IDEMIA to the FBI a second time, the applicant will be notified that a "name check" process will be instituted. The name check is a manual review of records completed by the FBI, with the results being sent to PDE. Upon receipt of name check results from the FBI, PDE mails a letter directly to the applicant. The letter contains the applicant's name check results and may be presented to schools in lieu of the electronic report. This process takes 4 – 6 weeks; please allow ample time for fingerprinting.
